

AS3340 / AS3345, AS3340A / AS3345A - Tip: Ultra-LFO application

In typical LFO applications value of capacitor C_F can be in range 1nF - 50nF. If Ultra-LFO is needed, and C_F capacitor must be increased till 1.0uF, some changes in schematics must be done - resistor ~ 39K added to pin 6 :
